The positives of sending money via Walmart tell the story of a positive customer review of Walmart's money transfers for its speed, usually within minutes. Since Walmart rides on the Moneygram network and the capabilities of facilitating money transfers, most reviews are on Moneygram as a service provider. Here is our full review on Moneygram. Walmart offers the right money transfer options. It's easy to send money online internationally for both; Pickup cash or direct deposits to a bank account outside the United States. We recommend transferring Walmart money if you want to send money for an emergency or complete a small amount deal during your food runs. There are negatives of sending money through Walmart while real money transfer fees are flat, other fees you should consider. For example, sending money via Walmart will ask you to be in the store to complete your transaction. This may not be your best option if you want to opt for money transfer services exclusively. In addition to the cost of gas and your driving time to Walmart near you, back and forth, costs are high compared to other specialist money transfer service providers. The alternative to Walmart's money transfer came in Walmart's latest annual report, less than 1 percent of annual net sales came from fuel and financial services, which included money transfers. Compare that to specialist money transfer providers who built their business to facilitate money transfer services. You are more likely to get better exchange rates, lower costs to zero, and a convenient option of sending money through an expert money transfer service provider. Here are a few convenient and inexpensive alternatives to Walmart money transfers: Xoom Remitly InstaReMTransferWise Western Union when you are sending money, watch out for exchange rates, transfer fees, and time taken to complete your transfer.
